WASTE MANAGEMENT SOLUTIONS

USE LESS. RECYCLE MORE.

Doko Recyclers - a social enterprise that manages and recycles dry waste. Our priority is to move away from reliance on waste dumps that offer no useful resources within the economy. At source waste segregation has a critical role for a sustainable future. Core to our vision for waste management in Nepal is the use of waste as resources with increased value extraction, recycling, recovery, and reuse.

Let's segregate our waste at source!
